Preparing for Success

All exams have been shown in **bold**. You are not necessarily sitting each of these exams, but you **MUST** attend the ones that you entered for. Your first activity should be to highlight the subjects that you are entered for.

All other indicated sessions are revision sessions. You **MUST** attend the revision sessions which support the exam you are entered for. Any updates will be published on posters around the academy should there be a need for sessions to be rearranged.

When not in an exam or a revision session, you **MUST** attend the sessions that apply to your remaining exams. Once you have finished a subject then you may attend either the LRC study area, the designated "study room". You must not leave the site or walk around un-supervised.

You must attend school until your last exam or until you have been signed off by SLT

"To be the best that we can be"
